## Brodhead

ON the first day of this month the Louisville & Nashville Rail Road Company retired Uncle Dave Hurt as Section foreman, putting him on a good living pension. Just forty-one years to a day, Mr. Hurt has been in charge, as foreman, of the Brodhead section. He began his rail road career forty-seven years ago when he became a section hand on the Richmond Branch, working there three years. He was then transferred to the Brodhead section and labored here for four years as a section hand, then was promoted as foreman, which place he has held ever since. During the forty-one years Uncle Dave has been right on the job every day with the exception of about four months he was unable to superintend the work on account of sickness. Mr. Hurt has the honor of being one of the best tract men in the service of the L. & N. and doubtless the best man in the entire service. When he came to Brodhead forty-four years ago there was little here then that still remains except the rivers, hills and what earth connect them, and besides only one man lives within the corporate limits of the town that was living here when Uncle Dave moved here, and that man is our J. G. Frith. Mr. Hurt's record is a clear one in the rail road service, not a day was he suspended during the time. We hope that Mr. Hurt will be content without working for a man that has been actively engaged as he has, and one that has carried the burden and responsibility of his position as much as Mr. Hurt did, should be content the remainder of his life, and be a gentleman of leisure. W. D. Cottengim, who has been here for several years as Assistant foreman, has charge of the section, and hope that the Dave Junior will be as successful as the Dave Senior has been. Mrs. W. F. Carter underwent a serious operation at the Norton Infirmary, Louisville, the early part of last week, Surgeon Frank performing the operation. She is doing nicely and will be able to be brought home probably next week.

Dr. Carter was in Louisville most all last week.—James Kegley, who makes his home with Bill Lowery, was surprised last Friday morning to find his trousers that contained \$115.00 missing upon rising. The trousers were found some little distance from the house with only one penny to remind the owner that the pockets had one time been the unsafe receptacle of a savings bank. Mr. Kegley, who deals mostly in plug horses, has been a very successful trader, and has conducted himself while in our midst in such a way that he has the respect of the entire community. He says that he has almost sufficient proof to warrant an arrest, and we hope to see the guilty party juggled in the near future.—Mrs. Mary J. Barger, mother of Edd Barger, died at her late residence near here Thursday night of last week, and after services at the Baptist church by the Rev. A. J. Pike, her remains were laid to rest in the Christian church cemetery. Friday afternoon.—Walter Robins is now in Detroit, Mich., with the other Brodhead boys. We understand that there will soon be a Brodhead addition to the city of Detroit, at least Brodhead is adding considerably to the population of the northern city.—Mr. and Mrs. John Robins were in Garrard County, Saturday and Sunday, the guests of Mr. and Mrs. W. P. Rigsby.—Mrs. H. T. Young, and little son, J. Preston, were the guests of Mr. and Mrs. B. T. Young here from Saturday until Monday.—Mr. and Mrs. Frank Reynolds, of Cincinnati, are with relatives here this week.—Mr. and Mrs. A. M. Hiatt were with his parents at Quail, Sunday.—Miss Mary Farnish, the beautiful daughter of Mr. and Mrs. A. T. Farnish, and Joe Riddle, youngest son of Mr. and Mrs. John Riddle, were married at the residence of the Rev. A. J. Pike, the officiating minister, Monday morning and immediately left for Berea where they will remain this week, and return here Saturday. Their many friends join in wishing them a long and prosperous wedded life.—Prof. Warren Keith, of near Elizabethtown, who taught in the Graded School here the past year, has been making this town headquarters since Sunday. It

seems that during Mr. Keith's stay here he fell in love with the country, or rather with some of its inhabitants, and that it will require a great effort of the young professor to absent himself from this vicinity long at a time. However, Mr. Keith has many friends here who are always glad to have him with us.—J. L. Picketon took his daughter, Miss Thelma, to London, Monday, where she underwent an operation, having her adenoids removed. Dr. Pennington, of London, did the operating. Miss Thelma is about herself again, the operation being very successful.—James Wallin has purchased the C. A. Wheelon barber shop and has formed a partnership with W. A. Robins, both shops being now located in the Albright building, next door to postoffice.—Mrs. W. D. Cottengim, and little son, Estell, returned from a week's visit to relatives and friends in Corbin, Sunday.—George Brooks, A. L. Payne and Jack Luncetford, are working in Cincinnati.—Mr. and Mrs. A. E. Albright, and Mr. and Mrs. W. O. Yaden motored to Berea, Wednesday, for the Commencement exercises.—Mr. J. E. Craig was the guest of Mrs. W. A. Carson, Wednesday, on her return home from a visit to relatives in Danville.—Master Curtis Robins is with relatives here this week.—Rev. Jack Lunsford was here from Wildie on business, Thursday.—B. C. Anderson was with his son, W. H. Anderson, during the week.—The two-story residence of Chint Lear, on his farm near Hiatt postoffice was destroyed by fire early Thursday morning, most of the contents of the first floor being saved. The building was partly covered by insurance. This loss falls pretty heavy on Mr. Lear as the building was a good one.—J. W. Proctor was in the Quail section, Sunday.—Mrs. Bettie Hail attended the closing exercises at Berea college this week.—J. J. Brock and Miss Mary Lear were in Berea, Wednesday, at the commencement exercises.—Chint Lear sold to the Brock Bros. a pair of mules for \$350.00 the first of the week.—J. B. Frith and Warren Keith were in Berea, Wednesday.—Miss Lena McCall is with relatives here this week.

## Livingston

The backbone of the drouth has been broken by a good rain that fell in copious quantities Monday and Tuesday, and the thirsty land has been greatly relieved and vegetation now looks well.—Rev. Baker, of East Bernstadt, filled his regular appointment at the Christian Church, Saturday and Sunday.—Mrs. Hugh Jenkins, who has been very sick for some time, remains about the same.—Dr. R. G. Webb, has opened up his stock of drugs in the brick opposite his old stand.—Mrs. I. W. Catlin is visiting relatives at Berea.—Dr. W. T. Amyx left for Louisville for a few days. We believe the doctor has gone to the convention at Chicago. He is a terrible Teddy man.—D. B. Rambo was in Maywood, Monday, on business.—Mrs. J. H. Browning, of Maywood, is visiting relatives here.—Judge G. M. Ballard, of Mt. Vernon, was here between trains, Wednesday.—C. J. Rice has returned from Cincinnati, after a few days' stay in that city.—Well, the great big convention at Chicago, is now on. It may be a grand meeting and a love feast, but we predict a stormy time as the republican party is composed or made up of two elements, viz: the G. O. P. and the Bull Moose. We believe what will satisfy one will displease the other and that there will be no harmony there. The tug of war lies between Hughes and T. R., but we will bet a ginger cake that Roosevelt gets the nomination. But what does it matter to us which one gets it, for he will only be a lamb for the political slaughter in November. But just wait a few days and there will be a meeting at St. Louis, and a call will be made to all quarters of the United States, "come forth ye delegates of the people", lets meet and nominate by acclamation, a man that has made the greatest President since Garfield and Lincoln, and then the answer will echo back, "Woodrow Wilson is the man." But for fear some one might know my politics, or my friend at Brodhead might take issue with us, we will ring off and let politics drop until after the November election and then we will come again and tell of the sad departure of the Republican party up Salt river.—Mrs. G. S. Griffin and children, after a week's visit with relatives at Mt. Vernon, has returned home.—E. Bullock, Rockcastle and Laurels representative, was here Saturday swopping jokes with the citizens. We think he is for T. R. for President, or at least his conversation lent that way.—W. H. Cottongin has been repairing his property and has repapered and treated it to a new coat of paint.—Mrs. Sallie Deborde, a relative of Mrs. Sue Mullins, died a few days since at her home in Illinois. Mrs. Deborde has a number of relatives in this county.—C. A. Blanford has had his property repaired by repapering and painting, and Mrs. E. H. Cockerell has also treated her property to a new coat of paint.—News reached here a few days ago of the death of Charley Preston, whom the citizens of Brodhead and this town know well.—Robert Griffin left a few days ago for Dayton, Ohio.—P. F. Pendergast, of Cincinnati, who represents a firm in that city selling Arrow brand collars, was here Monday. We believe he is the smallest Knight of the Grip on the road. He is 30 years old and weighs 100 pounds.—Mrs. Roy Fenwick and children have returned from Lebanon after a few days' visit with relatives.—Mr. and Mrs. Luther Mullins, of Mt. Vernon, were here Tuesday between trains, en route home from Richmond, Ky.—Prof. Jones, who had the principalship of the Graded School here under contract has resigned and has accepted a position at Gatcliffe, Ky.—Mrs. T. J. Pennington and children, have returned from a few days' visit with relatives at Mt. Vernon.—Miss Lyda Cook has returned home after spending a few days with relatives at Mt. Vernon.—Sheriff Cam Mullins, of Mt. Vernon, was here Monday.—Mr. and Mrs. John Mullins were in London latter

part of last week.—John Lear, who taught in the Graded School here and who has a position as one of the teachers here again, has gone to Battle Creek, Mich.—Mrs. Larkin Pennington continues to improve.—Mrs. Thomas Farley continues to improve slowly.—O. V. Jarrett, the spokesman, was here latter part of last week loading staves.—Marshal Riggs captured a deserter of the army here, Saturday (but we failed to get his name), and turned him over to Deputy U. S. Marshal George Thompson, who took him to Fort Thomas and delivered him over to the proper authorities. Boys, if you don't intend to stick to Uncle Sam, you had better not enlist.

THE G. O. P. Convention is on at Chicago Justice Hughes is unquestionably the choice of the majority and will no doubt be nominated, but Teddy certainly has the whole bunch guessing. What T. R. is going to do none seem to know, and the man who said that the Bull Moose leader would not be satisfied unless one of three names was endorsed by the convention, is evidently about right. The names mentioned, either of which will be acceptable to the Bull Moose leader are, Teddy, T. R., or Roosevelt. It looks like this is about the correct solution as far as Mr. Roosevelt is concerned.

BRYAN and Roosevelt should join hands and go that way from now henceforth.

### OUR BOONE WAY MAN In Winchester

By JAMES MARET.

Winchester gets its gas supply from West Virginia, being on the pipe line leading from that State to Lexington and Louisville. Gas is used extensively for lighting and heating and cooking purposes by the people of this city; it is also used to propel gas engines, of which there is quite a number in use here.

N. H. Oliver and wife were over from Livingston last week, visiting the family of "Hello" Joe Oliver.

The colored population of Winchester own probably \$100,000 worth of property.

There are 326 men enrolled in the Bible Class of the First Christian Church; D. L. Pendleton, a lawyer, is this teacher.

The J. W. Crain hemp break is manufactured in the factory of its patentee, on Lexington Ave. Mr. Crain has lately invented a power hemp break which is claimed to be a good thing. The Crain combination wood working machine, a novel and ingenious piece of machinery is being manufactured by a New York concern on a royalty.

J. W. Burk, another fine mechanical genius, is a manufacturer of wooden hemp brakes. The colored population, of Winchester have eight church buildings, about as many as the whites.

J. W. McGinniss, one of the writers newly found and valued friends is the owner of a Philippine coin of the "Suttonate of Brunel" dated "1304", making its age 612 years.

The First Methodist Church organization will soon erect a new \$50,000 building. The Baptists are just finishing up a new building which cost probably nearly as much.

Traut officer Bruce who certainly attends to duty will have a rest until school opens again in September.

An extensive green house out on Lexington Avenue certainly presents one of the most pleasing sights with its immense quantities and varieties of blooming flowers of every shade and color. It is located just across the pike from the cemetery.

From observation along the roads it appears that about 75 per cent of the land over here is set with blue grass. Tobacco, corn and wheat follow in the order named. Live stock is one of the leading factors in the order of things hereabouts.

The poultry and produce establishment of Toobey Bros. is one of Winchester's big enterprises. It has a cold storage department attached. The temperature is controlled automatically by an electrical thermostat. When temperature rises above 32 degrees electrical connection thru the thermostat starts up the ammonia pump which runs until proper

degree of coolness is reached when it automatically stops.

One of the proprietors in showing the writer thru the plant started the machinery to work by simply blowing his breath on the thermostat (looks like an ordinary thermometer, if not closely examined).

Roy Beazley of Rockcastle is expected here Wednesday to inspect cavalry horses for the government service.

Only three men were before police court in May, for drunkenness. In May 1915, it was 3 multiplied by 15. We believe that was before prohibition went into effect here.

Dr. M. L. Myers, wife and children Hazel and Raymond with the writer were delightfully entertained at supper by Mr. and Mrs. C. C. Davis in the Victorian apartments, Tuesday evening.

The writer had the pleasure, one day last week seeing a valuable historical relic, connected with the history of the times of Daniel Boone. It was a pair of iron framed spectacles, now the property of Miss Ruth Searcy, daughter of William Searcy, of Winchester. They were once the property of Miss Searcy's great-grandmother Rebecca Jones, a niece of Daniel Boone, who was a member of the band of women who ventured out from Bryant's station and carried war into the fort from the spring when the station was besieged by the savages. The spectacles were made by a blacksmith, the workmanship is first class and shows mechanical skill. The spectacles have slide temples and the lens are somewhat smaller than the present day fore-eyes. They are in good state of preservation and the owner refuses to part with them although nice offers have been made by the Kentucky Historical Society for their purchase.

There are a number of Boone families in Winchester and Clark county, relatives of the great "Bar Killer".

Prayer Meeting at 7:45 on Wednesday evenings.

The death of Mrs. Sarah Carpenter, wife of Henry B. Carpenter, 717 Nineteenth street, occurred at the home at 3 p. m. yesterday. A lingering illness was the direct cause of her death. Eighteen months ago Mrs. Carpenter sustained a fracture of the hips and this hastened her death.

Mrs. Carpenter, whose maiden name was Sarah DeBord, was born in Mt. Vernon Ky., Sept. 25, 1854, and she was 61 years old at the time of her death. In 1874 she was married to Henry Carpenter. Forty one years ago, shortly after marriage, she came to this city and since resided here.

Seven children were born to the above union, all of whom survive. They are Caleb R., Fred M., Chas. H., and Mylo B., the latter of Ed gington; Clara H. of Colorado Springs, and Mary E. and Blanche M., at home.—Rock Island (Ind.) News

## Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

## CLEAN UP AND PAINT UP

### A CONTINUOUS CAMPAIGN

Suggestions For Making Our Town a Better Home

Town—Chairman of National Bureau

Says Start Now and Keep It

Up the Year Round.

SINCE Hercules diverted the river to renovate the Augean stables "Clean Up" has had its place in the world's vernacular. With Spring the desire to refurbish comes unconsciously into the hearts of men and women, and communities. But without direction and sustained effort the expression of that desire, in the form of the ordinary "Clean Up Day" or "Week," is apt to result in a superficial sally against filth.

Years ago Allen W. Clark, a St. Louis editor, made up his mind that this natural "Clean Up" instinct could be turned to account, that it could be developed into a real campaign working toward definite ideals and accomplishing permanent results. And so, in May, 1912, Mr. Clark founded the National "Clean Up and Paint Up" Campaign Bureau, with headquarters in St. Louis. He hoped that a thorough-going movement, national in its scope and practical in its principles, might take the place of the "annual bath" idea as expressed in the old-time "clean up day" or "week."

A National Civic Movement. For four years the scope of the National Bureau's service has rapidly extended until this year it is co-operating with more than 6,000 local communities in the organization and direction of "Clean Up and Paint Up" campaigns, not "days," or "weeks." Continuous campaigns for homes and homesteads beautiful, sanitary and safe, conducted by permanent committees, and involving the co-operation of city and town officials, club women, commercial organizations, the children, fire prevention interests, all business men and property owners, is the goal aimed at by all of the National Bureau's propaganda.

Mr. Clark declares that the bane of any community is the citizen who lacks even a semblance of interest in the community, and that, strange as it may seem in a democracy, absence of this interest seems to be pretty generally prevalent in the average American community. Such a citizen would have "The Town" or "The City," whatever those names may signify when the body of citizens is eliminated, keep the streets and alleys clean, preserve the public and individual health, eliminate nuisances, make everything in town spick and span and satisfactory — while the citizen sits back and looks on.

The real "Clean Up and Paint Up" campaign, organized on the plans of the National Bureau, gives everyone something definite to do to help make their hometown beautiful, sanitary and safe. And the campaign's educational influence should work steadily the year 'round and year after year, automatically eliminating many nuisances caused formerly by carelessness or thoughtlessness of property owners and tenants.

A Suggestion For Our Town. The methods for accomplishing all of

By THE EDITOR.

MONKEYS imitate. Sheep follow the leader. And most of us—men, women and children alike—are prone to do the same.

Imitation is bad for the monkey and bad for the sheep if the example followed is bad. But it is good for both if the leadership is safe. Just so with us mortals. Inspired by environment, we can think great thoughts and do things worth while. Depressed by environment, we can sink into the depths of despondency.

But, thanks to human powers of initiative, we can shape our environment. We can make it what we will, if we will. And so intimately are our own interests linked with those of our neighbors that when we improve our own surroundings, be it ever so little, we improve theirs.

Right there the monkey in man asserts itself. Today your neighbor fixes up his yard, removes rubbish, plants flowers, trims his hedge, paints his house.

Tomorrow your own place looks sick. You never noticed before that a little cleaning up and painting up would accomplish so much in making home life happy and healthy through the long outdoor months of summer. So you get busy with the pruning shears, the rake, lawn mower and garden hose. You start a painter working on your house and outbuildings. Forthwith you, your wife and the kiddies begin to realize more fully the "joy of living" in the good old summer time.

Day after tomorrow other neighbors will begin to perk up their premises and their persons. Then others will follow their example, and so the spirit of spring's regeneration will spread from house to house and block to block.

But let's not wait for this creeping regeneration of our town. Let's organize immediately a continuous "Clean Up and Paint Up" campaign and make the refurbishing a thorough community movement. Our official community can help, and so can each civic organization, and the business men, and the women, and the children.

Let's make "Clean Up and Paint Up and Keep It Up" our slogan and live up to it.

WHAT PAINT WILL DO. CLEAN COMMUNITIES HEALTHY

Ask any real estate man what percentage of value is added to a house by a fresh coat of paint and you will be surprised at the size of the figure he will give you. Too many householders have the habit of putting off painting until a house fairly screams for it.

Good paint applied at regular intervals, not too far apart, is the true economy in that it not only actually raises the value of the house by improved appearance, but through preservative ingredients prevents and arrests decay. The man who lets his house become an eyesore in an otherwise well kept locality should be taxed for the heavy damage he is doing to that community, says the Real Estate Journal.

Filth in itself cannot generate disease, but in the long run, barring unusual exceptions, low death rates and long life always come with records of clean communities.

The "Clean Up and Paint Up" campaign is, after all, a housekeeping job, and for that reason every housekeeper should co-operate with the town officials in making the town spotless. Nothing pleases one more than to have a visitor say what a beautiful town you live in. Why not make your town the cleanest in America? It's easily done. Have harmony reign and all work together and you will be surprised at the result. Now, let us all pull together for a spotless town!

## Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a

regret! You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

THE Prince Albert tin, and in fact, every Prince Albert package, has a real message to you on its reverse side. You'll read: "Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert waiting for you in tippy red bags, 5c; tippy red tins, the handsome pound and half-pound tin humidor and in that clever crystal glass humidor, with sponge-moistener top, that keeps the tobacco in such fine condition—always!

Also have a few hundred acres of desirable mineral rights to sell.

It is not worth while to speak of the water on these farms, as it is well known that Rockcastle is one of the best watered counties in this state or any other state. All of these farms are handy to churches and schools and the county has under consideration, 4 turnpikes out of the town of Mt. Vernon, north and south, east and west. Several miles have been let and work already begun. Those farms are on the pike road leading south from Mt. Vernon, on the waters of Dry Fork and Skeggs Creek and most of this land is limestone land and fine producing and grass land. Will sell on easy terms any part of this land or all as a whole. Anyone wishing to buy land, either for investment or home, will do well to call and go over this land, and get my price and terms. For the benefit of those who might know these farms and locate them better by name, I will name them by their former owners: Tract No. 1 known as the Sand Spring coal fields; Tract No. 2 known as the Will Price farm at Sand Spring; Tract No. 3 known as the old Tommy Graves valley farm; Tract No. 4 known as the K. ## NOTICE

It is being circulated throughout the county that my Jack's colts are rickety. I wish to say through the Signal to my friends, as I can't write you all personally, that it is an absolute falsehood, as you will see from what Mr. R. L. Smith the man that I bought the jack from, has to say about it. This false report was fixed up to injure my business, but in spite of it I am doing a splendid business with my jack. I have a fine jack. I hope to show him at the Mt. Vernon Fair ground next Fair, and let the people see this jack and judge for themselves. Just here I wish to insert a letter from Mr. P. C. Lear. The letters is as follows:

HIATT, KY.,  
May 29, 1916.

MR. JOHN HILTON,  
Pine Hill, Ky.

Dear Sir:—  
I have been told that some parties out there have been telling that the jack you bought from Bogue Smith got rickety mules. It is certainly a mistake for he does not such thing. I stood the jack last year and his colts are coming this spring all right and good ones. He never has got a mule that was wrong. I have known him ever since he was a subking colt. I will go before any court and make an affidavit that he does not get rickety colts. The way this has got started, I stood a jack belonging to C. C. Gover, Lancaster, Ky., year before last that did get rickety colts. I have heard that it has been told that Bill McQueen had two mules by this Smith jack that were rickety and he gave them away, that is also a mistake as these mules were by the Grover jack. McQueen will swear they were not by the Smith jack and so will I. If you want me or McQueen to make an affidavit to this effect we will go before the court and swear that what has been told on your jack is all false. Generally such tales as these get

## Why We Are Opposing A Government Armor Plant

To the People:

Some people say that the very fact that the Bethlehem Steel Company is so aggressively fighting the proposal to build a Government armor plant is conclusive proof that the Company is seeking to assure for itself the "vast profits" derived from private manufacture.

The fact is that armor making is the least profitable feature of steel manufacture.

The reason we oppose a Government plant is very simple. It is this:

Even though there is but little profit in the making of armor, we have invested over \$7,000,000 in our armor plant;

That plant is useless for any other purpose; if a Government plant is built the usefulness of our plant is destroyed.

It would be good business for us to make armor for the Government at any price over and above the actual shop cost, RATHER THAN SACRIFICE OUR ENTIRE INVESTMENT.

We do not seek to save big profits; our purpose is very frankly to save our armor plant—itsself built solely for the use of the Government—from going to the scrap heap.

To do that, we are prepared to agree for any period to any terms of manufacture which the Federal Trade Commission shall say absolutely protects the Government of the United States.

started from men who have horse and jacks and want to down man.

Yours very respectfully,  
P. C. Lear.

To whom it may concern:  
It has been reported that the jack that I sold to J. W. Hilton, of Pine Hill, is showing rickety colts. I want to say that this is absolutely false. He has never shown a rickety colt. I will give \$100. to any man that will bring me a rickety colt, sired by that Jack. The Jack is all right in every respect and is showing good colts.

R. L. SMITH, Hiatt, Ky.

Now, if any one wants further information about this Jack write the Rev. Green Fish, Mt. Vernon, Ky. He has three of his colts and has known the Jack from his folding. I will give \$25.00 to any man that will make a sworn affidavit that my Jack has ever to this date shown a rickety colt. Now, you fellows that have been talking, make your word good.

Respectfully,  
J. W. HILTON,  
Pine Hill, Ky.

BOWEL COMPLAINTS  
IN INDIA.

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Cholera, Cholera and Diarrhoea Remedy with him and he believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

NOTICE FOR DIVISION OF  
BRODHEAD VOTING  
PRECINCT.

It having become necessary in the opinion of the Court that according to Sec. 143 of the Ky. Statute to divide Brodhead voting precinct known as precinct No. 10 into two precincts. The Boone Highway being designated as the dividing line thereby creating two precincts instead of one, that part of said precincts lying on the south side of said road to be known as South Brodhead No. 10 with its voting place in the town of Brodhead, on the south side of said road and that part of said precinct lying on the north side of said road to be known as north Brodhead No. 15, with its voting place in the town of Brodhead, and on the north side of said road.

## Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

## NOTICE!

Having decided to go west, will offer for sale, privately all of my property, both personal and real, as follow, until August 15th, and on that day I will close all that remains unsold at public auction at my home, Hansford, Ky. Real estate for sale on easy terms: Farm or tract No. 1 of 130 acres, 4 miles south of Mt. Vernon, with 1 storehouse, dwelling house and barn, and three tenant houses, several good coal mines from which Mt. Vernon and surrounding country get the greater part of its coal supply.

Farm No. 2 of 156 acres, 4 miles south of Mt. Vernon, 2 houses, 1 barn, about 35 acres in growing crop, 60 acres in grass and balance in woodland; adjoining farm No. 1, so as to make one well located farm if purchaser should desire both tracts. Farm No. 1 lies on east side of creek and mostly underlaid with coal. Farm No. 2 on west side of creek, rather a valley farm, with some coal in the hill.

Farm No. 3 of 190 acres, one-half mile west of farm, No. 2; a good strong valley farm in good state of cultivation and not very much improvement. About 100 acres cleared, balance in woodland.

Farm No. 4 of 271 acres, 5 miles south of Mt. Vernon, in good state of cultivation, well improved; 1 good dwelling house, barn and storehouse and all other necessary outbuildings; 6 tenant houses. This farm is a creek farm, running to the hilltops, with some workable coal in the hills. Also has a 10 acre orchard set out this spring, consisting of about 500 Stayman Winesap apples and 500 Elberta peaches, if all are true to name, with a guaranty from the company to prune and spray for 3 years. Holes were dynamited for trees and great care taken in setting the orchard. Also about 6 acres of other orchard on this farm. This is the farm for the stockman; a good farm and well watered and only a few years to wait for a young fortune from growing fruit.

Farm No. 5 of 258 acres, adjoining farm No. 4, with one good dwelling house, barn and storehouse; 4 tenant houses and barns; good orchard; known to be as good if not the best stand for merchandise in the county. Also has a good coal mine.

Farm No. 6 of 250 acres, 2 miles west of farm No. 5; good valley farm, in good state of cultivation; good house and barn; good orchard; 1 tenant house; about 120 acres cleared and the balance in woodland.

## SPECIAL COMMISSIONER'S SALE.

JOHN MCCracken, Plaintiff,  
VS:  
OWENS BROS., Defendants.

By virtue of a judgment and order of sale made and entered in the above styled action at the April Term, 1916, of the Rockcastle Circuit Court, the undersigned Special Commissioner, will on Monday, June 26th 1916, at the store house of Owens Bros., near Cooksburg Rockcastle County, Kentucky, between the hours of 9 o'clock a. m. and 4 o'clock p. m., sell at public outcry to the highest and best bidder the following property:

One stock of general merchandise, consisting of dry goods, notions and groceries, hardware, etc. also 100 bwn cross ties, 7 x 9, 8 1/2 ft. long, and all the outstanding book accounts amounting to about \$100.00.

Said stock of merchandise will be sold in bulk, as well as the cross ties, and the purchaser or purchasers will be required to give bond with approved surety, due and payable in 3 months and bearing interest at the rate of 6 per cent. per annum and having the force and effect of a judgment. Said bond will be made payable to the undersigned special commissioner, to satisfy plaintiff's debt, interest interest and cost, namely \$250.00 with legal interest, from February 25, 1916, and \$17.50 costs.

I. R. McCracken,  
Special Commissioner,  
Rockcastle Circuit Court.

STOMACH TROUBLE
